New York Yacht Club Expects Fourth Challenge From Distinguished Englishman in the Early Fall.

REPUBLIC SPECIAL.

New York, July 8 - Sir Thomas Lipton, thrice defeated in his efforts to obtain possession of the America's Cup, has determined to try the fourth time to win the old trophy. During the coming fall the New York Yacht Club will be officially notified of his decision and receive the

challenge in due season.

This news is not surprising. Although little has been said in public abroad of Sir Thomas's future purpose in the international vachting line, occasional hints have been dropped which have led to the belief that he has been hard at work with the view of successfully solving the perplexing problem how to wrest the trophy standing for the "blue ribbon of the sea" from its custodians of fifty-four years.
